

ORACLE®**CERTIFICATION PROGRAM****Examination Score Report****Hemanth Gummadi****Oracle Testing ID:** OC1951722**1Z0-815 Java SE 11 Programmer I****Exam Date:** 03/19/2020**Registration:** 372476351**Center ID:** 83992**Your
Score:** 70%**Passing
Score:** 63%**Result:** Pass

Feedback on your performance is printed below. The report lists the objectives for which you answered a question incorrectly.

- Apply encapsulation principles to a class
- Compile and run a Java program from the command line
- Create and extend abstract classes
- Create and implement interfaces
- Create and invoke a method that throws an exception
- Declare and instantiate Java objects, and explain objects' lifecycles (including creation, dereferencing by reassignment, and garbage collection)
- Declare modules and enable access between modules
- Describe the Modular JDK
- Distinguish class inheritance from interface inheritance including abstract classes
- Enable polymorphism by overriding methods
- Read or write to object fields
- Understanding Lambda Expressions
- Use Java control statements including if, else, break, and continue
- Use local variable type inference
- Utilize polymorphism to cast and call methods, differentiating object type versus reference type

If this is the final exam in your certification path, you are required to complete the following steps.

- Visit certification.oracle.com and select your certification path to ensure you are aware of all certification requirements.
 - Note that completion of the required training and approval of the course submission form are also required in paths that require training.
- Check certview.oracle.com to confirm that all completed components are in your profile.

Test Delivery System

- If exams that you have taken do not show up, you may have taken them under a different Oracle Testing ID.
- Contact www.pearsonvue.com/oracle/contact to merge your IDs (provide all IDs under which you have taken exams or submitted forms and confirm which ID should be the 'surviving id').
